

Health Safety and Working environment

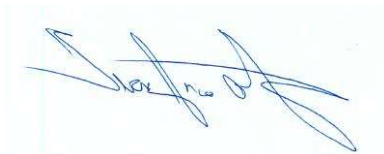

Zero harm to personnel and environment is the Installit AS overall objective and we shall aim for confidence among our employees and customers that we provide a safe workplace and robust solutions.

In order to achieve this:

- Safety is a personal commitment from every employee in Installit.
- We shall adhere to the Installit HSE requirements
- We adhere to our customers HSE requirements
- We shall adhere to relevant rules and regulations.
- We provide personnel with the right competence for the job.

Everybody has an obligation to stop activities that potential can cause harm to personnel, environment and assets.
